

RELTECH

Where the water flows best...

Platinum Series

Pool & Spa Pump

- The largest “Australian Made” pool pump available on the market
- Reduces maintenance with an extra large capacity heavy duty leaf basket
 - High water flow & maximum pressure at reduced noise levels
 - Available in 1.0HP, 1.5HP, 2HP and 3HP models
- Suitable for residential and commercial swimming pools and spas
 - Suitable for swim spas and pools with in-floor cleaning
 - 3 year limited warranty

BIGGER IS BETTER...

Reltech's Platinum Series pumps are built to withstand all rigorous pool environments. It boasts the largest "Australian Made" pump housing and leaf basket available on the market. This allows pool owners the time to enjoy their pool and spas with less routine maintenance. Designed, manufactured and assembled in Australia with engineering grade thermoplastic polymers which ensure many years of operation in the harsh Australian climate.

DURABLE, RELIABLE, SAFE & DESIGNED TO LAST

- Strongly constructed thick walled, one piece pump body made from a high quality engineering grade thermoplastic material that is corrosion resistant. A glass reinforcement and UV additives also ensures the pump is designed to last in all weather conditions.
- Powerful and reliable motor rated for continuous operation ensures a long life.
- A stainless steel pump shaft, a lapped true carbon face, ceramic seal and stainless steel assembly nuts and bolts are just some of the quality components used to ensure ongoing reliability and extended lifecycle.
- Elevated motor stand assembled to main body ensures balanced support for motor and pump, reduces noise and vibration and keeps moisture away from the motor.

POWERFUL, QUIET & ENERGY EFFICIENT

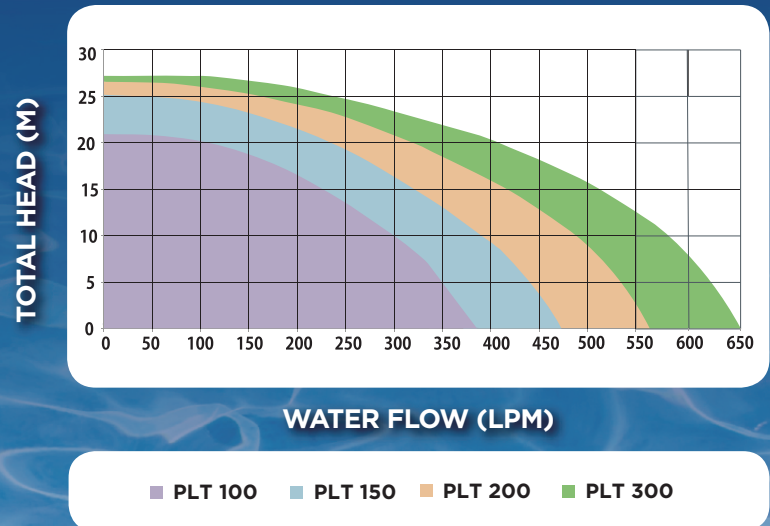

- The design characteristics of the diffuser and balanced impeller system ensures low noise operation whilst offering excellent priming. It also offers powerful water flow and filtration with maximum pressure at economical running costs.

USER FRIENDLY & FUNCTIONAL

- Extra large robust strainer basket prevents breakage during operation and debris removal requires less frequent cleaning.
- Easy removable clear inspection lid for quick and easy routine maintenance and cleaning of strainer basket.
- No stress on the sealing o-rings because clamping pressure is used rather than twisting pressure, therefore extending the life of on your pump.
- Self aligning inlet and outlet barrel unions for both suction and discharge ports allowing for quick and easy installation and removal.
- Barrel unions are suitable for both 50mm and 65mm PVC pipe connections.
- The Platinum Series is covered by a limited 3 year warranty against defects in materials and workmanship (refer to Operating + Installation Manual for full details).
